# THE NEW BMW 2 SERIES ACTIVE TOURER.

**BMW EfficientDynamics**  
Less emissions. More driving pleasure.

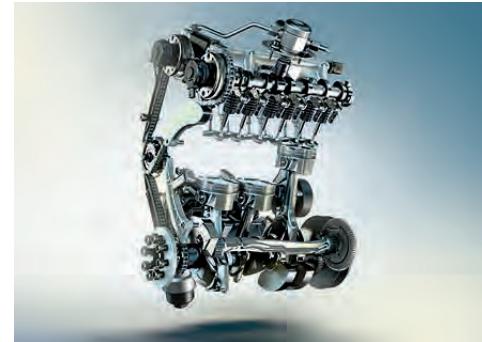

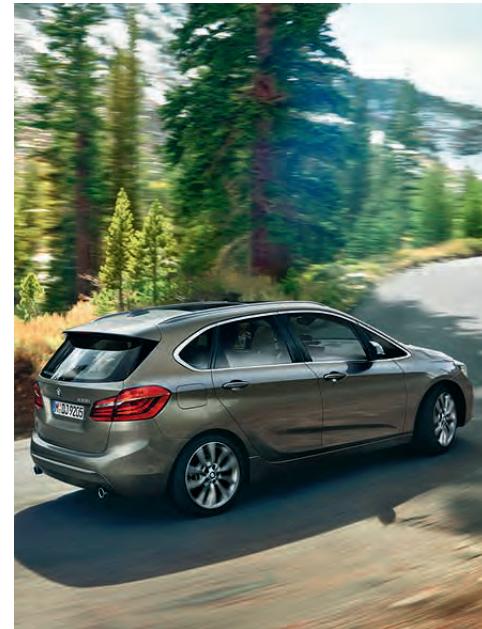

## #BMWstories

BMW stands for sheer driving pleasure. And best of all, it stands for your very individual form of driving pleasure. Discover the endless variety at [www.bmw.co.za/bmwstories](http://www.bmw.co.za/bmwstories)

You can also discover the new BMW 2 Series Active Tourer in a digital brochure. Simply download it directly to your tablet from the BMW brochure app, which can be found in the App Store.

Internet use, depending on your mobile contract, may incur costs.

## THE NEW BMW 2 SERIES ACTIVE TOURER. BUILT FOR LIVING.

### THE MODEL SHOWN.

- 04 **BMW 225i LUXURY LINE:**  
BMW TwinPower Turbo four-cylinder petrol engine; 170kW (231hp); 18" light alloy wheels V-spoke style 485; Platinum Silver paint finish; seats in perforated Canberra Beige Dakota leather; Fineline Shore fine-wood trim with inlay and Pearl-Gloss Chrome accent line.

The images and product descriptions are subject to changes in specific details.

### INNOVATION AND TECHNOLOGY.

- 18 **BMW TWIN POWER TURBO ENGINES:**  
At the heart of BMW EfficientDynamics.
- 20 **BMW EfficientDynamics:**  
Maximum driving pleasure, minimum fuel consumption.
- 22 **BMW CONNECTED DRIVE:**  
Services & Apps and driver assistance systems.
- 24 **SUSPENSION:**  
Innovative systems for more driving pleasure.
- 26 **SAFETY:**  
State-of-the-art technology.

### INDIVIDUALITY AND CHOICE.

- 30 **EQUIPMENT PACKAGES:** BMW Lines, equipment highlights, wheels and tyres as well as Original BMW Accessories.
- 44 **COLOURS:** Exterior and interior colours.
- 48 **TECHNICAL DATA:** Vehicle weight, engine, transmission, driving performance, fuel consumption, wheels, electrical system and technical drawings.
- 50 **BMW SERVICES:** BMW Service, BMW Financial Services and BMW Experience.

— THE —  
**PERFECT  
COMPANION.**

The new BMW 2 Series Active Tourer makes everyday life more exciting and long trips more comfortable. It combines intelligent flexibility with comfort and dynamics. And no matter what you get up to, it's incredibly fun. After all, it doesn't just look like a BMW. It also drives like one.

---

**LOOKS RIGHT, FEELS RIGHT.**

---

Remarkably compact on the outside, incredibly flexible on the inside. The new BMW 2 Series Active Tourer shows how much fun functionality can be. With its powerful contours and dynamic lines, it perfectly combines everyday practicality and driving pleasure.

---

**ROOM FOR  
EVERYTHING.  
EXCEPT BOREDOM.**

Nothing gives you space like the BMW 2 Series Active Tourer. It will adapt to your specific needs with its numerous intelligent storage solutions. And because it always reserves room for driving pleasure, you'll soon find your favourite space: behind the steering wheel. After all, it's a BMW.

---

---

## EXCELS EVERYWHERE.

---

Pulling power and agility. Excellent road holding and low fuel consumption. Town or country, flat stretches or mountain roads – the new BMW 2 Series Active Tourer delivers every time. And once you've had a taste of its exceptional comfort, even the longest drive might seem too short. The innovative, powerhouse three and four-cylinder engines with BMW TwinPower Turbo technology bring sheer driving pleasure to the road.

---

**FIVE DOORS.  
YET SO DIFFICULT  
TO LEAVE THE CAR.**

The new BMW 2 Series Active Tourer has everything you expect from a BMW: a cockpit designed to meet the driver's every need. A low-set tailgate with the classic BMW L-shaped lights. And a premium-quality interior that is both spacious and inviting.

---

## LOADS OF LUGGAGE? BRING IT ON!

There are plenty of reasons why travelling in the new BMW 2 Series Active Tourer is an enjoyable experience. Its spaciousness. The elevated seating position of the driver. The ample head and leg room in the rear. And last but not least, the fact that both the rear seat backrests and the front passenger backrest can simply be folded down flat when travelling to accommodate your luggage.<sup>1</sup>

<sup>1</sup> Optional folding front passenger backrest not available with sport seats and electrical seat adjustment.

## INNOVATION AND TECHNOLOGY.

**BMW TWIN POWER TURBO ENGINES:** At the heart of BMW EfficientDynamics.

**BMW EFFICIENT DYNAMICS:** Maximum driving pleasure, minimum fuel consumption.

**BMW CONNECTED DRIVE:** Services & Apps and driver assistance systems.

**SUSPENSION:** Innovative systems for more driving pleasure.

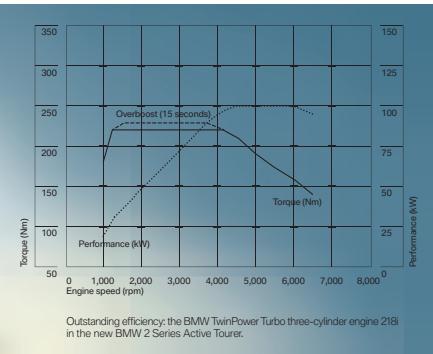

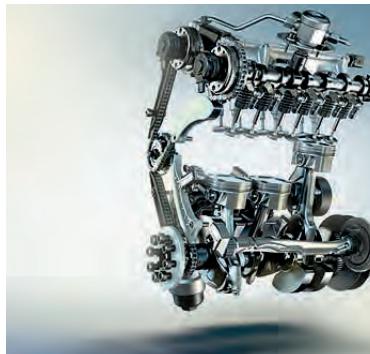

**SAFETY:** State-of-the-art technology.

## BMW TwinPower Turbo engines.

At the heart of BMW EfficientDynamics.

The next level of driving pleasure and efficiency: delivered by innovative petrol engines with BMW TwinPower Turbo technology. This innovative technology package combines the latest fuel injection technology and fully variable valve control with innovative turbocharger technology and represents a milestone in the BMW EfficientDynamics development strategy. And above all, it delivers on our promise: sheer driving pleasure.

### BMW 225i.

- BMW TwinPower Turbo four-cylinder petrol engine with 170kW and 350Nm of torque
- Acceleration 0–100km/h: 6.6s;
- Top speed: 240km/h
- Combined fuel consumption: 5.9l/100km<sup>1</sup>
- CO<sub>2</sub> emissions: 138g/km<sup>1</sup>

### BMW 220d.<sup>2</sup>

- BMW TwinPower Turbo four-cylinder diesel engine with 140kW and 400Nm of torque
- Acceleration 0–100km/h: 7.7s;
- Top speed: 225km/h
- Combined fuel consumption: 4.6l/100km<sup>1</sup>
- CO<sub>2</sub> emissions: 122g/km<sup>1</sup>

### BMW 220i.<sup>2</sup>

- BMW TwinPower Turbo four-cylinder petrol engine with 141kW and 280Nm of torque
- Acceleration 0–100km/h: 7.5s;
- Top speed: 230km/h
- Combined fuel consumption: 6.1l/100km<sup>1</sup>
- CO<sub>2</sub> emissions: 143g/km<sup>1</sup>

### BMW 218i.

- BMW TwinPower Turbo three-cylinder petrol engine with 100kW and 220Nm of torque
- Acceleration 0–100km/h: 9.2s;
- Top speed: 205km/h
- Combined fuel consumption: 5.1l/100km<sup>1</sup>
- CO<sub>2</sub> emissions: 118g/km<sup>1</sup>

## BMW EfficientDynamics

Less emissions. More driving pleasure.

<sup>1</sup> Fuel consumption and CO<sub>2</sub> emissions are affected by the selected wheel and tyre sizes.  
For more information please see pages 48/49 or consult your BMW Dealer.

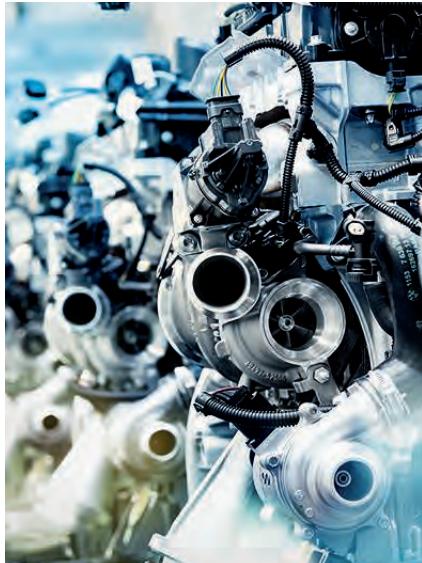

<sup>2</sup> Preliminary figures that have not yet been officially confirmed and were determined based on the ECE test cycle.

The figures for output and CO<sub>2</sub> emissions refer to vehicles with standard transmission.

# BMW EfficientDynamics

Less emissions. More driving pleasure.

BMW EfficientDynamics encompasses all the strategic measures developed by the BMW Group for simultaneously increasing efficiency and driving dynamics across the entire range of BMW models. This includes the **overall vehicle concept**, the **drive train** and **energy management**. It has reduced the CO<sub>2</sub> emissions in the fleet of new European cars by 30% since 1995, with a further 25% reduction expected by the summer of 2020.

## EXCEPTIONAL: THE ECO PRO MODE.

The ECO PRO Mode helps drivers reduce their fuel consumption by up to 20 percent, depending on their driving style – according to an internal BMW fuel consumption study. The coasting function (only available with Steptronic transmission) and ECO PRO Route (only available with Navigation System) further help to conserve fuel.

## ENGINE.

The BMW TwinPower Turbo technology concept is used in all BMW **petrol engines**. Innovative turbocharger technology combined with High Precision Injection and the fully variable Valvetronic valve control system, including Double-VANOS, all serve to improve performance, provide exceptional responsiveness even at low engine speeds and reduce fuel consumption.

The BMW TwinPower Turbo technology in the **diesel engines** combines the latest fuel injection technologies and fully variable turbine geometry with innovative turbocharger technology for enhanced efficiency and a more dynamic performance. All available engines feature a lightweight aluminium design and come with a maintenance-free particle filter.

## OVERALL CONCEPT.

**BMW has been utilising intelligent lightweight construction** since the 1930s. Exceptionally light materials are used for certain carefully selected parts of the car body – such as aluminium in the suspension and at the front of the car. This contributes to lower fuel consumption and higher performance, while maintaining maximum passive safety.

## ENERGY MANAGEMENT.

The **Auto Start/Stop function** makes sure that fuel is only used when the car is actually driving. When the vehicle comes to a temporary stop, for example at traffic lights or in stop-and-go traffic, the Auto Start-Stop function saves fuel by switching off the engine as soon as the car is idling and the foot is off the clutch (manual transmission), or when the car comes to a complete standstill (Steptronic transmission).

**Optimum Shift Indicator.** Optimal, perfectly-timed gear changes can help save fuel, particularly in urban traffic and over long distances. Optimal gear changes, less fuel consumption – the engine's electronics system identifies the most efficient gear based on the driving situation and engine speed. An arrow lights up in the Info Display to show when it would be more efficient to shift into a higher or lower gear. The system also recognises when the car is accelerating quickly and will delay its recommendation accordingly until the engine speed has increased. Comparative tests conducted by BMW have shown that vehicles with the Optimum Shift Indicator use around four percent less fuel.

Every time you brake, kinetic energy is generated, and until recently this energy has gone unused. **Brake Energy Regeneration** takes advantage of this long-overlooked potential. It harnesses the coasting energy that is generated whenever the driver brakes or takes their foot off the accelerator and turns it into electricity. This electricity is then used to charge the car battery. The intelligent energy management system means that the alternator no longer needs to run constantly, which reduces the strain on the generator. The result: reduced fuel consumption and increased performance – classic BMW EfficientDynamics.

# BMW ConnectedDrive

So connected, you're free.

Our world is becoming more closely connected every day. BMW drivers are used to the fact that their vehicle and their world are connected – that they can request information, communicate via telephone or email and always be up to date while they're on the go. The BMW ConnectedDrive<sup>1</sup> concept encompasses all the services and innovative technologies that link BMW vehicles and their passengers to the outside world and surrounding traffic.

The **ConnectedDrive Services** option keeps you seamlessly connected with the things, and the people, that matter to you. And every function has been developed to enhance the driving experience. ConnectedDrive Services offers a wealth of services and apps including, for example, Facebook, web radio and Message Dictation.

BMW ConnectedDrive encompasses a wide range of intelligent services and assistance systems, allowing anybody to choose just what they need. The **BMW ConnectedDrive Services & Apps** provide greater flexibility by networking the driver, car and the outside world. The **BMW ConnectedDrive driver assistance systems** make every drive in a BMW both safer and more convenient. Intelligent systems make the driver's job easier and minimise the risk of accidents.

**Everything you need to see.** The optional full-colour BMW Head-Up Display<sup>2</sup> projects all relevant information onto a screen positioned comfortably within the driver's field of view, so that you stay informed while keeping your eyes on the road. The display includes information such as the current speed, navigation directions, Speed Limit Info incl. no-overtaking indicator, along with telephone and entertainment lists. Visibility of the information displayed is reduced when you're wearing polarized sunglasses.

**Music to go.** To ensure that every trip in your BMW becomes an unforgettable experience, the vehicle comes with music apps that play the right song for every occasion. Whether commuting to work, going shopping or heading off on holiday, you can compile your own radio station, choose between a huge array of audio books or stream your own music – all from the comfort of your BMW with the BMW ConnectedDrive Services optional equipment.

The Driving Assist combines the Lane Departure Warning and Approach Warning systems. The Approach and Pedestrian Warning with City Brake Activation issues a warning if there is a risk of collision with vehicles or pedestrians and brakes the vehicle in the event of an emergency. From a speed of approx. 70km/h, the Lane Departure Warning draws the driver's attention to an unintentional lane change by means of slight vibrations in the steering wheel.

<sup>1</sup> For further information on BMW ConnectedDrive, particularly on the duration of the services and associated costs, please visit [www.bmw.co.za/ConnectedDrive](http://www.bmw.co.za/ConnectedDrive)

<sup>2</sup> Part of the optional Navigation System Plus.

## The chassis.

The best foundation for superior driving dynamics.

The new BMW 2 Series Active Tourer features a wide range of innovative technologies to make sure you enjoy every drive. Many of these systems are intelligently interconnected and it's this level of integration that delivers the best possible safety, together with maximum driving pleasure – on every road, every curve and at every second.

**BMW Performance Control**, a standard feature, distributes engine and braking control to the individual wheels to better manage curves. Because the outer wheels have to move a longer distance than the inner wheels when turning, the BMW Performance Control intervenes by means of engine output and controlled braking: the outer wheels get more power while the inner wheels get less, maximising traction on each of the wheels. The vehicle practically leads itself through a curve, increasing driving dynamics, safety and comfort.

The optional **variable sport steering** with Servotronic enables a direct and agile driving style with less physical effort when steering. Independently of your current speed, it reacts by varying the steering ratio in line with the steering angle. This reduces the steering movement required when steering at particularly large angles. This noticeably increases agility and improves handling when driving through sharp bends, tight curves and sudden swerves or when using an especially dynamic driving style. At the same time, it increases comfort when parking, turning and manoeuvring. For small steering angles, the system provides excellent directional stability and a very high degree of steering precision.

The optional **Dynamic Damper Control** makes it possible to adjust the damper characteristics to ideally suit any given driving situation, improving comfort and driving dynamics. In addition to the standard COMFORT setting, which assures a smooth and comfortable ride, there's a SPORT mode. This setting stiffens the damper for a more direct, athletic driving performance. Each mode is activated with the Driving Experience Control switch in the centre console.

**Driving Experience Control** a standard feature, allows the driver to choose between the Comfort mode for standard engine and transmission settings, the ECO PRO Mode for maximum efficiency and the Sport mode for more dynamic driving. The ECO PRO Mode adjusts the characteristics of the accelerator pedal and transmission as well as the heating/air conditioning settings to make the drive as fuel-efficient as possible, thus reducing fuel consumption by up to 20 percent<sup>1</sup>. The coasting function (only available in conjunction with Steptronic transmission) and ECO PRO Route (only available in conjunction with navigation system), provide the driver with navigational suggestions optimised for traffic conditions, personal driving style and regional road properties help further reduce fuel consumption. The coasting function (only available in conjunction with Steptronic transmission) allows the vehicle to coast along the road at up to 160km/h when the driver takes their foot from the gas and doesn't brake.

A world first: The modern **front wheel drive concept** by BMW, which consolidates active driving expectations and steering convenience. The powered front axle has been engineered for the best possible driving dynamics and precision steering performance. The front wheel drive has a compact construction with the engines integrated at a 90° angle so that no space is taken from the ample interior.

## Safety.

### Unparalleled safety with the latest BMW technology.

The new BMW 2 Series Active Tourer is equipped with cutting-edge technologies that never let you down. Superb handling and innovative equipment come standard. BMW drivers benefit from the very latest technologies that provide optimal support at all times. You'll feel safe and protected, no matter where your journey takes you.

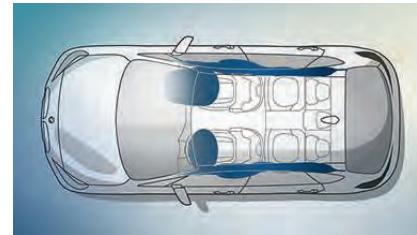

The new BMW 2 Series Active Tourer is the perfect companion to travel comfortably and safely with the whole family. The optional Traffic-queue assist<sup>1</sup> takes the strain out of traffic jams by automatically accelerating, braking and maintaining distance. Then there's the standard Approach Warning with City braking function. If a vehicle in front of you brakes suddenly, you'll be warned with audio and visual cues in order to react in time. In the event of an accident, the standard intelligent emergency call will promptly send a call for help, assuring the fastest possible assistance.

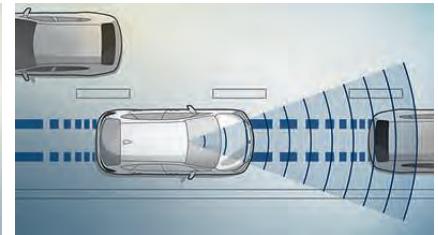

■ **Dynamic Stability Control (DSC)** constantly assesses the vehicle's movements and optimises directional stability and traction.

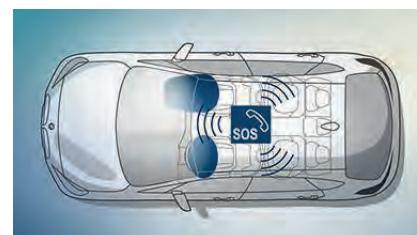

□ **LED headlights with cornering lights** cast bright daylight-spectrum light for low-beam and high-beam headlights.

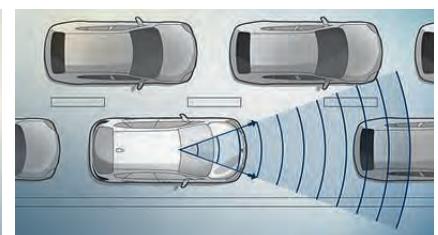

■ **Airbags for the driver and front passenger**, head airbags as well as side airbags integrated into the front seat backrests provide strategic protection.

■ **Approach Warning** (a camera-based safety function) detects moving and stationary vehicles in front and warns the driver if the distance to the car in front becomes too small.

■ **Intelligent emergency call\*** automatically establishes a connection with a rescue coordination centre through the BMW call centre whenever needed – without the use of a mobile phone.

□ **Traffic-queue assist<sup>1</sup>** controls the speed of the car and distance to the car ahead in dense traffic on motorways at speeds of up to 60 km/h, and even takes over steering.

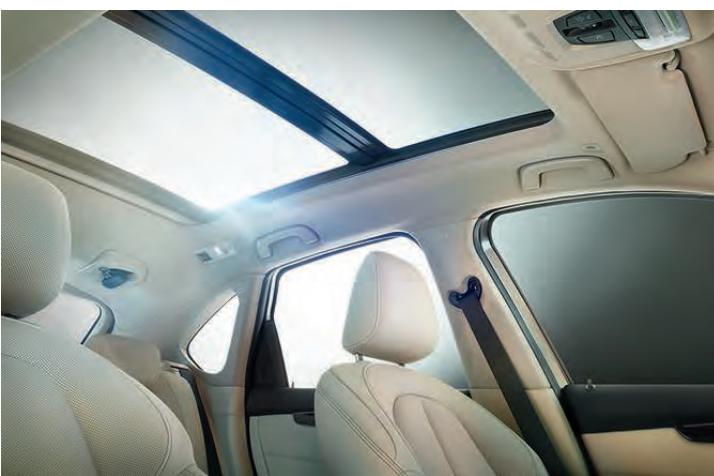

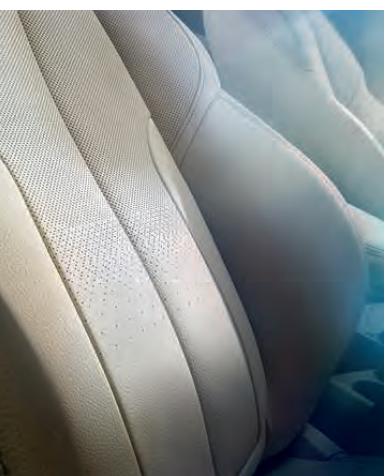

# INDIVIDUALITY AND CHOICE.

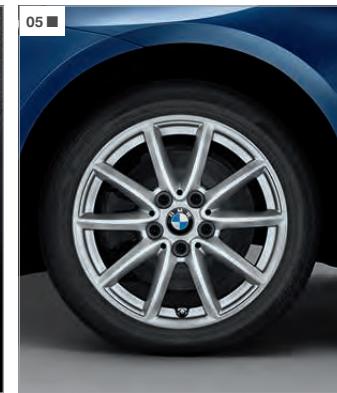

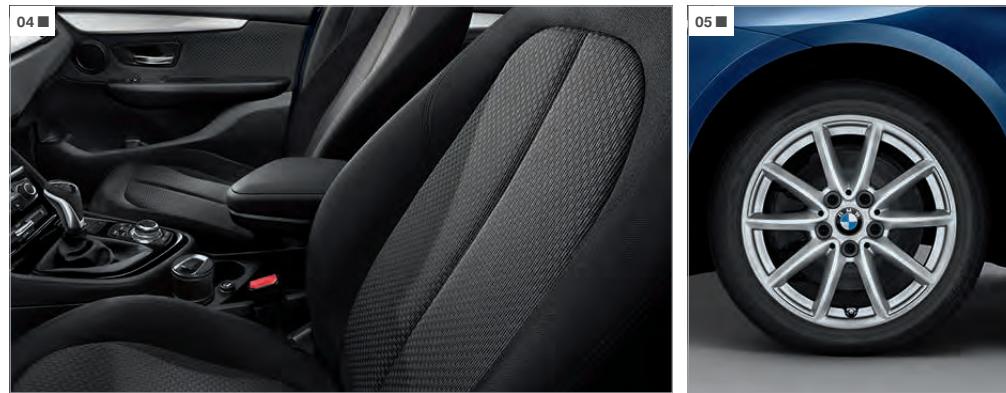

**EQUIPMENT:** BMW Lines, equipment highlights, wheels, tyres and Original BMW Accessories.

**COLOURS:** Exterior and interior colours.

**TECHNICAL DATA:** Vehicle weight, engine, transmission, driving performance, fuel consumption, wheels, electrical system and technical drawings.

**BMW SERVICES:** BMW Service, BMW Financial Services and BMW Experience.

**BASIC.**

[ 01 / 03 ] The new BMW 2 Series Active Tourer in optional Mediterranean Blue metallic paint finish and 17" light alloy wheels V-spoke style 479 boasts a compact, athletic appearance.

[ 02 ] The interior with its standard seats in Anthracite Grid cloth is characteristic of driver-oriented BMW design. The ergonomic Sport leather steering wheel is standard equipment. (Leather tec seats standard for South Africa)

[ 04 ] The seats in Anthracite Grid cloth lend the interior a sense of style and sophistication. (Leather tec standard in South Africa). [ 05 ] 16" light alloy wheels V-spoke style 471, 7 J x 16 with 205/60 R 16 tyres (standard for 218i, 220i and 220d).

# LUXURY LINE.

## Interior equipment features:

- front door sill finishers with "BMW Luxury" lettering
- Fineline Stream fine-wood interior trim on the dashboard and doors
- Pearl-Gloss Chrome accent line on the air vents (centre of cockpit and sides)
- Dakota leather seats with exclusive stitching
- dashboard with contrast stitching
- centre console in colour of upholstery with contrast stitching
- glove compartment with Pearl-Gloss Chrome detailing
- car key with additional chrome detailing
- exclusive LED light strips in the door panels

## Exterior equipment features:

- exclusive 16" or 17" light alloy wheels
- Line-specific air inlets, left and right, with chrome detailing
- model-specific kidney grill slats in high-gloss Chrome
- rear apron with chrome detailing
- Chrome Line Exterior
- tailpipes in high-gloss Chrome

**[ 01 ]** The light tones of the cockpit contrast with the optional, dark Fineline Shore interior fine-wood trim, giving the interior a striking, sophisticated look. And then there's the Sport leather steering wheel with multifunction buttons that feels so good in your hands.

02 □

03 ■

04 □

05 ■

**[ 02 ]** The new BMW Active Tourer Luxury Line in optional Glacier Silver metallic paint finish with the optional 18" light alloy wheels V-spoke style 485. **[ 03 ]** 16" light alloy wheels Multi-spoke style 475, 7 J x 16 with 205/60 R 16 tyres. **[ 04 ]** 17" light alloy wheels Multi-spoke style 481, 7.5 J x 17 with 205/55 R 17 tyres. **[ 05 ]** Seats in Canberra Beige Dakota perforated leather upholstery provide extra comfort in the interior (for other available colours of leather see pages 46/47).

# SPORT LINE.

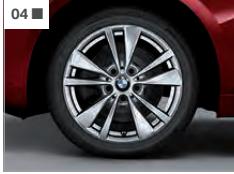

## Interior equipment features:

- front door sill finishers with "BMW Sport" lettering
- high-gloss Black interior trim on the dashboard and doors
- Pearl-Gloss Chrome accent line on the air vents (centre of cockpit and sides)
- sport seats upholstered in the Sport Line-specific Race cloth with red contrast stitching
- dashboard with contrast stitching
- centre console in colour of upholstery with contrast stitching
- glove compartment with Pearl-Gloss Chrome detailing
- car key with additional chrome detailing
- exclusive LED light strips in the door panels

## Exterior equipment features:

- exclusive 16" or 17" light alloy wheels
- Line-specific right and left air inlets in high-gloss Black
- lower air inlets in high-gloss Black
- model-specific kidney grill slats in high-gloss Black
- rear apron with Black high-gloss accent line
- galvanised black chrome tailpipes
- mirror caps available in Black

01 □

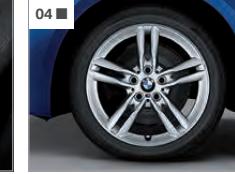

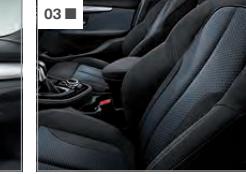

[ 01 ] The new BMW Active Tourer Sport Line in optional Glacier Flamenco Red metallic paint finish with the optional 18" light alloy wheels Y-spoke style 484. [ 02 ] The arrangement of the controls in the cockpit and its overall design are characteristic of the BMW focus on the driver's well-being. [ 03 ] The sport seats in Anthracite Race cloth with red contrast stitching emphasises this model's sporty nature. [ 04 ] 16" light alloy wheels Double-spoke style 476, 7 J x 16 with 205/60 R 16 tyres. [ 05 ] 17" light alloy wheels Star-spoke style 379, 7.5 J x 16 with 205/55 R 17 tyres.

# M SPORT PACKAGE.<sup>1</sup>

## Interior equipment features:

- front door sill finishers with "M" lettering
- exclusive Aluminium Hexagon interior trim, interior trim alternatively available in high-gloss Black, Fine Brushed Aluminium or Fineline fine-wood trim
- dashboard with exclusive grey or blue contrast stitching
- shortened gear lever (only in conjunction with six-speed manual transmission) with "M" logo
- BMW Individual headliner in Anthracite
- sport seats for driver and front passenger in exclusive cloth/Micro-Hexagon/Alcantara, alternatively available in exclusive perforated black Dakota leather with blue stitching and M piping (further upholstery available)
- glove compartment with Pearl-Gloss Chrome detailing
- model-specific car key with the exclusive "M" logo

01 □

[ 01 ] The new BMW Active Tourer M Sport<sup>1</sup> package in optional Estoril Blue metallic paint finish, exclusive to M Sport<sup>1</sup>. [ 02 ] The M leather steering wheel with blue contrast stitching and multifunction buttons together with the Fine Brushed Aluminium interior trim lend the interior a distinctly sporty look. [ 03 ] The sport seats in cloth/Micro-Hexagon/Alcantara emphasise the interior's dynamic appearance. [ 04 ] 17" M light alloy wheels Star-spoke style 483 M, 7.5 J x 17 with 205/55 R 17 tyres. [ 05 ] 18" M light alloy wheels V-spoke style 486 M, 8 J x 18 with 225/45 R 18 tyres.

## EQUIPMENT HIGHLIGHTS.

[ 01 ] LED headlights with cornering lights feature bright daylight-spectrum light for low-beam and high-beam headlights. [ 02 ] The LED daytime driving lights and position lights in the main headlights light tubes create an unmistakable appearance. (Part of the LED headlights.) [ 03 ] Fog lights in the front apron, heated exterior mirrors and windscreens washer jets provide better visibility and increase safety. [ 04 ] BMW Individual High-Gloss Shadow Line: side frame, window recess finishers, mirror base, mirror frame, and exterior mirror frames in high-gloss Black. [ 05 ] With the Chrome Line exterior, the windows are fully framed in chrome. [ 06 ] Panorama glass roof, electric, with slide and lift functions (front), roller sunblind, a wind deflector and a comfort opening function via remote control.

[ 07 ] The steering wheel heating quickly warms up the rim of the steering wheel at the push of a button – a comfort feature which is especially useful in winter. [ 08 ] The M leather steering wheel with reduced diameter is particularly comfortable to hold and features multifunction buttons and optional integrated gearshift paddles. [ 09 ] Sport leather steering wheel, Black, 3-spoke, with electroplated detailing and leather gear lever knob. [ 10 ] The eight-speed Steptronic sport transmission<sup>2</sup> offers comfortable gear shifts and driving pleasure, thanks to fast engine-speed transitions and shorter shift times. [ 11 ] The Driving Experience Control lets the driver choose between the standard COMFORT mode, the ECO PRO Mode, geared towards efficiency, and the SPORT mode. [ 12 ] An electric parking brake can be conveniently activated via a button in the centre console.

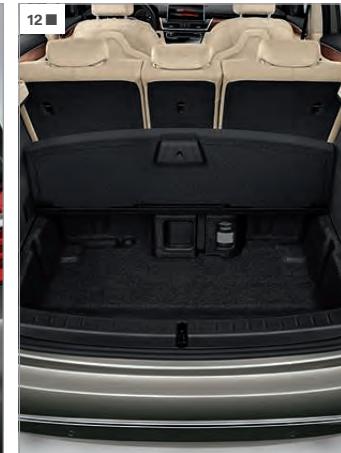

## EQUIPMENT HIGHLIGHTS.

[ 01 ] The Park Assist makes parallel parking easier. It steers while the driver assists in the process. [ 02 ] The full-colour BMW Head-Up Display<sup>1</sup> projects all relevant information onto a screen positioned comfortably within the driver's field of view. The visibility of data on the screen is reduced when wearing polarized sunglasses. [ 03 ] Park Distance Control (PDC) at the rear makes it easier to reverse and park the car in tight spaces. [ 04 ] Driving Assist Plus offers warning and safety functions, the camera-based Cruise Control and the Traffic-queue assist. [ 05 ] The Driving Assistant draws the driver's attention to an unintentional lane change or possible collision and even brakes automatically<sup>2</sup> in the event of an emergency. [ 06 ] Navigation System Plus including BMW Head-Up Display, iDrive Touch Controller and built-in 8.8" LCD colour display. [ 07 ] The Rear view camera shows the area behind the car on the Control Display. Interactive track lines and markings showing obstacles also assist the driver.

[ 08 ] Air conditioning: All settings can be manually controlled. The microfilter and an extra heating vent in the rear ensure comfortable temperatures throughout the interior. [ 09 ] Two-zone automatic air conditioning, Automatic Air Recirculation (AAC), microfilter, fogging and solar sensors. [ 10 ] The ambient light of the instrument panel, door inserts and other areas is kept in orange / white (part of the lighting package, Luxury Line, Sport Line and M Sport package). [ 11 ] Convenience telephony with extended smartphone connectivity enables mobile phones to be connected with the car and hands-free facility via Bluetooth. Also features a connection to the external aerial and charging function via an optional snap-in adapter. [ 12 ] Harman Kardon Surround Sound System with 360W digital amplifier, 7 channels, vehicle-specific equalising and 12 loudspeakers including centre speaker. [ 13 ] Storage options: A covered compartment in the centre console, an open chest under the centre arm rest, two cup holders (front) and storage compartments in the doors.

## EQUIPMENT HIGHLIGHTS.

[ 01 ] The 40:20:40 split-folding rear seat bench offers maximum flexibility. When completely folded down, it provides a nearly flat storage space. [ 02 ] The front passenger seat with foldable backrest is a perfect example of the concept's flexible space usage. [ 03 ] Sport seats for the driver and front passenger provide optimum support by allowing adjustment of the seat depth, side bolsters, as well as the seat's angle and forward position. [ 04 ] The electronic seat adjustment makes operation easier and the memory function allows users to save their desired settings for the seat and exterior mirrors. [ 05 ] Seat adjustment for the rear seats allows for comfortable seating or a spacious luggage compartment. [ 06 ] Raised seat positions make it easy to get in and out of the car and also provide a significantly better view while driving.

[ 07 ] Automatic tailgate operation and Comfort Access, makes it possible to open the doors and remote open the tailgate without use of the car key. [ 08 ] Automatic tailgate operation allows the tailgate to be opened electrically at the push of a button. [ 09 ] Use of the remote electronic rear backrest release allows the rear seats to be comfortably unlocked and folded from the luggage compartment (part of the optional equipment seat adjustment for the rear seats). [ 10 ] The storage package includes folding compartment, storage nets, 12V sockets, multifunctional hooks in the luggage compartment, fastening straps, a storage tray in the luggage compartment and much more. [ 11 ] A large tailgate with deep loading sill and wide opening makes accessing the luggage compartment a breeze. [ 12 ] The luggage compartment's foldable floor makes the vehicle even more practical. There is further storage space there and a practical storage tray for smaller items.

## WHEELS AND TYRES.

[01] 18" light alloy wheels V-spoke style 485, 8 J x 18 with 225/45 R 18 tyres. [02] 18" light alloy wheels Y-spoke style 484, 8 J x 18 with 225/45 R 18 tyres. [03] 17" light alloy wheels Y-spoke style 480, 7.5 J x 17 with 205/55 R 17 tyres. [04] 17" light alloy wheels V-spoke style 479, 7.5 J x 17 with 205/55 R 17 tyres. [05] 17" light alloy wheels Star-spoke style 478, 7.5 J x 17 with 205/55 R 17 tyres. [06] 17" light alloy wheels Double-spoke style 385, 7.5 J x 17 with 205/55 R 17 tyres (standard for 225i). [07] 16" light alloy wheels Double-spoke style 473, 7 J x 16 with 205/60 R 16 tyres. [08] 16" light alloy wheels Turbine style 472, 7 J x 16 with 205/60 R 16 tyres. [09] 16" light alloy wheels V-spoke style 471, 7 J x 16 with 205/60 R 16 tyres (standard for 218i, 220i, 220d). [10] 18" light alloy wheels Double-spoke style 361 in bi-colour Orbit Grey / gloss-lathed, 8 J x 18 with 225/45 R 18 tyres. [11] 19" light alloy wheels Turbine style 487 in bi-colour Femic Grey, gloss-lathed, 8 J x 19 with 225/40 R 19 tyres.

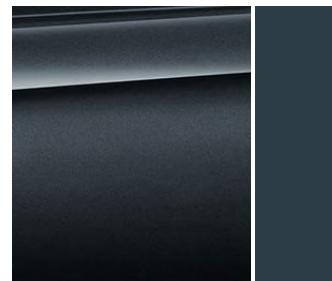

## ORIGINAL BMW ACCESSORIES.

[01] Bicycle / e-bike holder for the transport of up to three bikes (max. 60kg), extension for third bike available. Securely mounts to the trailer tow hitch. Tilting function for easy access to the luggage compartment. [02] BMW roof box 320 for up to five pairs of skis. Compatible with all BMW roof rack systems. With double-sided opening system and triple locking on each side. [03] Seat, black/Anthracite, for children from approx. 12 months to 4 years old (approx. 9-18 kg) for mounting on the ISOFIX base. Includes air pads for more side impact protection. [04] Travel & Comfort System – iPad holder. Snapped into the basic carrier and securely holds any Apple iPad™. [05] All-weather floor mats. [06] Luggage compartment mat to protect the luggage compartment from dirt and moisture. With raised border and two textile pockets. Available in Anthracite, Anthracite/Beige and Anthracite/Beige (shown with folding box and loading sill mat). [07] Travel & Comfort System – folding table. Easily attached to the basic carrier. Has additional integrated cup holder with chrome ring.

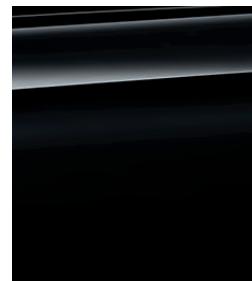

Discover the wide range of innovative solutions in the following categories: exterior, interior, communication & information as well as transport & luggage solutions. Your BMW dealer will be happy to advise you and provide you with a special catalogue detailing the entire range of Original BMW Accessories. For more information visit: [www.bmw.co.za/accessories](http://www.bmw.co.za/accessories)

■ Standard equipment    □ Optional equipment

**[Colour samples]** These colour samples are intended as an initial guide to the colours and materials available for your BMW. However experience has shown that printed versions of paint, upholstery and interior trim colours cannot in all cases faithfully reproduce the colour appearance of the originals. Please discuss your preferred colour choices with your BMW dealership. There you can also see original samples and be assisted with special requests.

<sup>1</sup> Standard with the M Sport package.

<sup>2</sup> Optionally available with the M Sport package.

<sup>3</sup> Planned availability from 11/2014

<sup>4</sup> Exclusively available with the M Sport package.

<sup>1</sup> Planned availability: November 2014.<sup>2</sup> Provisional figures (based on the ECE driving cycle); missing figures were not available at the time of publication.  
<sup>3</sup> The figure quoted includes a 90% full tank, 66kg for the driver and 7kg for luggage. Unladen weight applies to vehicles with standard equipment. Optional equipment will increase this figure.<sup>4</sup> The actual overall trailer weight may not exceed the max. permitted trailer load, while taking into account the maximum permitted tow bar download.<sup>5</sup> BMW recommends the use of RON 95 super unleaded petrol. Unleaded fuels RON 91 and higher with a maximum ethanol percentage of 10% may also be used. Output and fuel consumption figures apply to RON 98 fuel.<sup>6</sup> All engines comply with the EU6 emissions standard. Fuel consumption figures are determined according to the ECE driving cycle, which consists of approximately one-third urban traffic and two-thirds extra-urban driving (based on the distance covered). CO<sub>2</sub> emissions are measured in addition to fuel consumption.<sup>7</sup> Fuel consumption and CO<sub>2</sub> emissions are affected by the selected wheel and tyre sizes. Please consult the price list for more detailed information.<sup>8</sup> Height not including roof ariel is 1.555 mm.

Values in [ ] refer to vehicles with the Steptronic transmission.

## THE BMW SERVICE CONCEPT:

**BMW Service Concept: always up to date.** When you buy a BMW, you can look forward to superb service and comprehensive customer care, with over 3,300 BMW Service Dealerships in more than 150 countries ready to assist you at any time. Thanks to the vehicle's integrated on-board diagnostics system, you will always know exactly when the next service is due, and what work will be required. **Condition-Based Service** measures the condition of key parts subject to wear, tracks fluid levels and monitors your BMW's time- and mileage-dependent service requirements. Then simply get in touch with your BMW Dealership, who will

### BMW SERVICE.

**BMW Motorplan.** All new BMWs sold in South Africa include a 5 year/100 000km Motorplan maintenance contract. This covers all service, maintenance and repairs resulting from normal wear and tear, excluding tyres and fuel. As with any maintenance agreement, there are certain exceptions which are clearly specified in the Motorplan agreement. Repairs resulting from negligence or accident damage are not covered. For all BMW models the contract distance can be extended up to 200 000kms, dependant on individual needs.

**BMW Accident Management.** BMW Accident Management provides a managed response to an accidental vehicle immobilisation. The service includes using the BMW Approved Repair Centre network and overall coordination by the BMW Customer Service Centre, who will select and approve the best service suppliers in the industry. Call 0800 600 555 for more information.

**BMW On Call.** In the event of a breakdown, BMW On Call is available 24 hours a day, 365 days a year at 0800 600 777. Specifically trained BMW technicians will do everything necessary to get your BMW back on the road, with telephone or on-site assistance as required. Car rental and/or towing of your car can be arranged if necessary.

### BMW FINANCIAL SERVICES.

**BMW Financial Services** offers tailor-made solutions in the areas of leasing, financing and insurance individually developed to suit you and your budget. Leasing through BMW Financial Services lets you realise your dream of driving an exceptional BMW. And you yourself can decide on deposit, duration and the extent of your monthly installments. A wide range of financing plans from BMW Financial Services meets your every requirement. Your local BMW Dealership will assist you to put together your own individual plan. And if you opt for insurance from BMW Financial Services, you'll be prepared for all eventualities. The comprehensive spectrum of options reflects the safety and quality you'd expect from BMW. For more information, go to [www.bmwfinance.co.za](http://www.bmwfinance.co.za) or call us on 0861 269 346. Your BMW Dealership can also provide you with more details on BMW Financial Services.

### THE BMW EXPERIENCE.

**Internet.** Apart from the international website, [www.bmw.com](http://www.bmw.com), BMW maintains websites in many countries around the world. Visit the South African website at [www.bmw.co.za](http://www.bmw.co.za) to find out more about options available and to locate dealerships in your vicinity.

**BMW Driving Experience:** BMW Driving Experience is the only driver training program which offers you the opportunity to expand your driving knowledge and learn to keep your vehicle superbly under control, in a variety of situations, using an exclusive BMW vehicle. You will have an expert companion at your side while you push your driving skills to their very limits in a wide range of driving situations. By passing on their expertise in practical driving situations, our highly skilled instructors will ensure that participants learn as much as possible in the time allotted, as well as having a memorable and enjoyable time. Courses covered are:

- Collision Avoidance and Skid Control.
- High Performance Driving.
- Defensive Driving.
- Hijack Prevention.

For more information contact us on 0861 269 374, email us at [drivetraining@bmw.co.za](mailto:drivetraining@bmw.co.za) or visit our website at [www.bmwdrivingexperience.co.za](http://www.bmwdrivingexperience.co.za).

**BMW Owner's Circle** is open to every BMW driver whether your vehicle is on our Motorplan or not and BMW drivers are able to access the new Owners Circle micro site through a secure login at [www.bmw.co.za/ownerscircle](http://www.bmw.co.za/ownerscircle). New customers will automatically be registered to the Owners Circle membership and will be sent communication around the programme together with a link so they can reset their password and access the micro site.

A member can:

- Update personal and vehicle information;
- Review Motorplan details and request for an optional Motorplan;
- See the service history on their BMW;
- Contact BMW via a priority email service;
- Book a BMW Driving Experience course or Plant tour;
- Track a vehicle that has been ordered.

Register by visiting [www.bmw.co.za/ownerscircle](http://www.bmw.co.za/ownerscircle) or 0800 600 888.

\* May not be available in all countries. Please consult your BMW dealership.

## SHAPING THE FUTURE – RESPONSIBLY.

In 2013, the BMW Group was once again listed in the Dow Jones Sustainability World and Europe Indices and thus ranked one of the most sustainable automotive companies worldwide. The development of efficient vehicle concepts and eco-friendly production processes, up to and including recycling, is an integral part of our engineering philosophy. Thanks to BMW EfficientDynamics, the CO<sub>2</sub> emissions of our European new-vehicle fleet have dropped by more than 30% since 1995. Over the period from 2006 to 2020 we are also aiming to achieve a 45% reduction in the amount of resources – such as water and energy – that our manufacturing operations consume. Since 2007, production in our engine plant in Steyr, Austria, has generated no waste water at all. And of course each of our vehicles is designed for easy and economical recycling after its long running life. Please contact your BMW Dealer on all matters regarding your end-of-life vehicle. For further information please visit our website.

Sheer  
Driving Pleasure

The models illustrated in this brochure show the specifications for vehicles produced by BMW AG for the South African market. In part, they include optional equipment and accessories not fitted as standard. According to the specific requirements of other markets, alterations in standard and optional equipment and the configurations available for the different models, as described in this brochure, may occur. For more precise information about country-specific vehicle versions, please contact your local BMW dealership. Subject to change in design and equipment.
